AIRPLANE CONSOLE FOR A GROUP OF OXYGEN- CONTROLLING INSTRUMENTS

Howard A. Benzel, Lancaster, N. Y., assignor to Scott
Aviation Corporation, Lancaster, N. Y., a corporation
of New York

Application April 14, 1955, Serial No. 35,507

Term of patent 14 years

(Cl. D83—1)

Fig. 1.

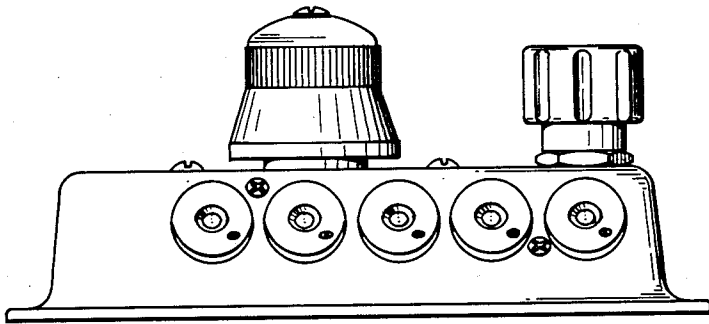

Fig. 2.

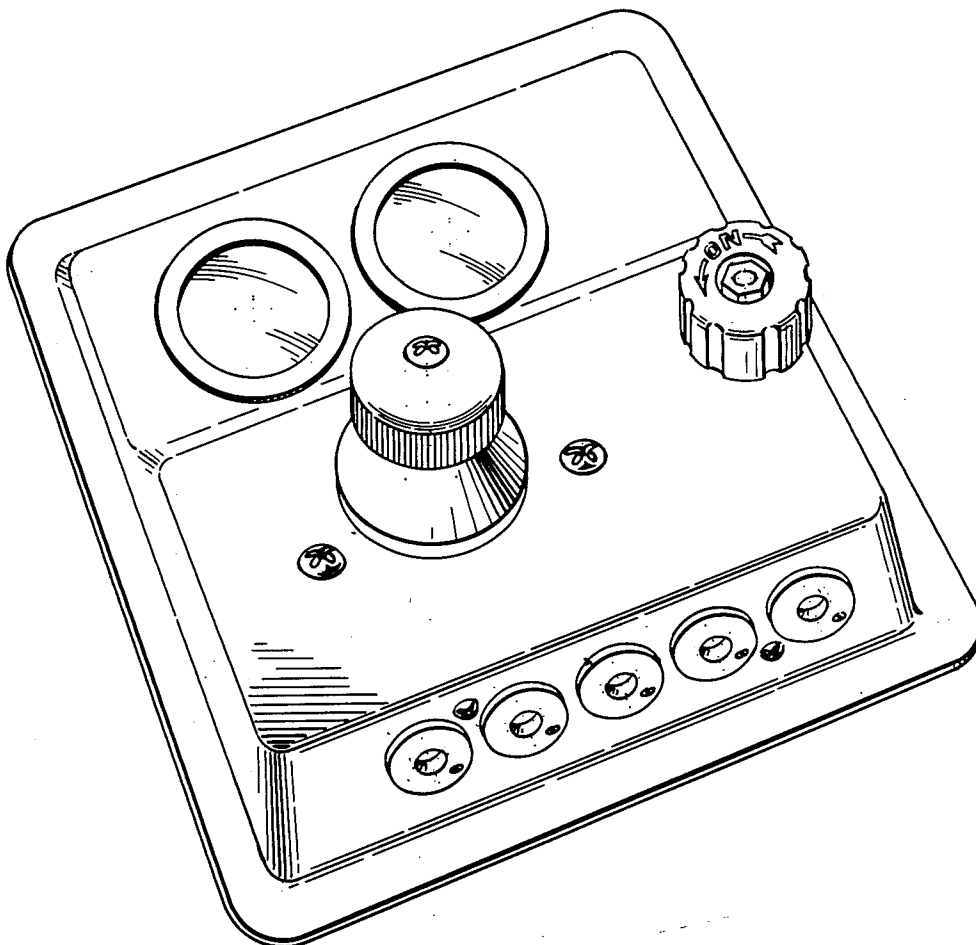

Fig. 3.

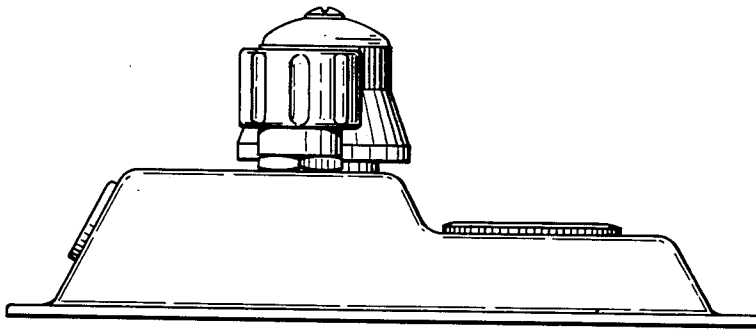

Fig. 4.

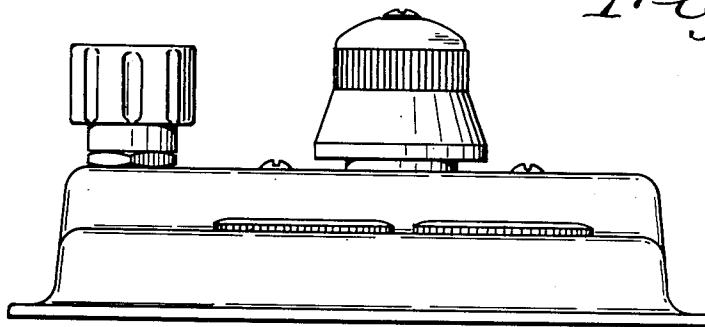

Fig. 5.

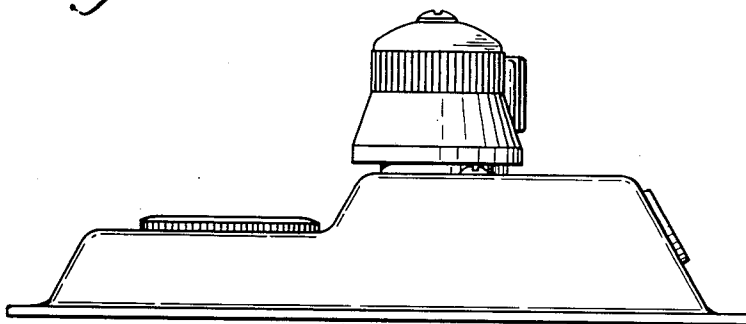

Fig. 1 is a bottom plan view of my new design for an airplane console for a group of oxygen-controlling instruments.

Fig. 2 is a perspective view thereof, taken from below and to the left of said console.

Fig. 3 is a right side view of said console, showing the same lying on its back.

Fig. 4 is a top plan view of said console.

Fig. 5 is a left side view of said console, showing the same lying on its back.

I claim:

The ornamental design for an airplane console for a group of oxygen-controlling instruments, substantially as shown.
